Rebellion Days, 1884-85

By G. G. M. A. S. (Little Clerk).

(Copyrighted)

There was war upon us with a vengeance and an active hostile for a guest, or prisoner—whichever. On thinking the matter over I told Mr. Indian he must stay at the house until my return, putting him on his honor to take care of my wife and children, and that they both faithfully promised.

Next morning early I started in for the Carrot River settlement, and as the ridges were bare of snow, burnt the grass en route, this being the usual native custom in the spring, as later on the sloughs were burnt round.

On reaching the crossing at Carrot River, I found a number of the settlers busily engaged in fortifying a log house. One of them dashed up to me, catching my bride in and shouting, "Indians in every bluff!"

My reply was dry and was a name effect that I had not seen them. A number gathered round, and certainly the news was bewildering if half of it was true. Indians reported in the rebellion on all sides. Much murder and massacre among lone settlers and ranchers and the Carrot River was feared. Fort Carlton was burnt and every settler for many miles round had taken refuge in Prince Albert.

They had formed a committee of defence under Capt. Myers and these gentlemen I went to see at once. I related the facts as to the Indian at my house and asked to what the committee had better be made of him.

I also stated if they wished him brought in as a prisoner, it was a desperate task to do it. The committee retired for a consultation, and I took a look round the premises. A small enclosure of building logs was being placed in position round the house to act as a stockade. The place swarmed with women and children.

Downstairs in the house were a number of old guns and rifles, all loaded and standing loosely in the corner. Picking up one, the stock fell and "Ah" was the remark, "you should have had the head of the nail up!"

The nail evidently acting as a key. There was little or no attempt at discipline, and I could be by no means certain placing my family here for protection.

I was asked to come in by the committee, whose decision was that after carefully considering the question of my captive Indian who had openly defied himself, I was to be treated as my own judgment in the matter, but to warn him not to pass close to this fort or he would be liable to be shot. Capt. Myers then kindly offered me the position of second in command, but this I was compelled to decline.

When he pressed me for a reason I gave him several, the principal one being that his fort was not defensible.

There was no water supply, no batteries, no lookouts, in fact it was a wooden trap, and would be much safer with my family in a bluff. All was of the opinion that the active part of this war was not against the settler, but against the government.

The captain then asked our supplies and I told him I would be happy to bring in all surplus ammunition and food that I had in stock and take his receipt, and that was quite pleased with.

Before I leave this brief reference to Carrot River, I should mention that Mr. McKay, that well-known loyalist, told me the ponies were hitched up and a strong party of heavy armed men were starting to raid this post when news of Middleton's army advance reached them and the plan was dropped.

It appeared the French knew there were a number of Orangemen in the Carrot River company, and these were particularly disliked by them, for in the old H. B. governing days this society was unknown. In fact, extreme toleration of all forms of religion was a distinguishing feature of the company's rule.

I camped at Finlayson's that night, two fine Ontario men who, poor fellows, afterwards were named after an attempt to reach the north end of Lac Du Brochet on a rapid expedition in 1887. I was the best part of one night in trying to dislodge them from trying, for they were very green as to northern conditions, but, without success. These men, like myself would not go in the fort, and I saw how their fine breed of caribou was through the hills and ash conditions got worse they intended going away in the hills with their cartridges, but they concluded that victory would rest with our side sooner or later.

(To be continued)

Shorter Working Hours in Ontario

Soldier-Labor Member Introduces Bill Which Specifies Maximum Working Time.

Toronto.—A start has been made in the direction of establishing an eight-hour day in the province of Ontario. In the legislature, Sergeant-Major J. McNamara, Soldier-Labor member for Riverdale, introduced a bill which will be known as the Maximum Work Hour Day Act. It provides for an eight-hour day, exclusive of the meal hour and for a period of rest of at least eight consecutive hours from the ending of work on any one day, to the beginning of work on the next day.

Systematic overtime will be considered illegal, except in cases of necessity, and in that case only ten consecutive hours shall be worked.

Gets Big Share of Immigration

Half of Immigrants From Britain to Canada Secured by Ontario.

Ottawa.—Officials of the Department of Immigration and Colonization fall to confirm the statement attributed to ex-Controller H. J. Halford, who represented the Trades and Labor Conference of Canada at the international conference in London, to the effect that the seven per cent of white girls in Chinese establishments, as a measure of preference to the Chinese.

The Chinese complaint of the Chinese Government was laid before the British consul for foreign affairs in London, and by him transmitted to Ottawa. The British Consul in London has been protesting the whole question is now being considered by Premier Oliver and members of his cabinet.

The Chinese claim that Chinese F. Municipal Act prohibiting the employment of white girls by Chinese is ultra vires of the province.

Arrangements Made to Move All Freight Traffic at Minimum of 30 Miles Per Hour.

Winnipeg.—Western operating officials of the National Railways conference held several days' conference with General Managers Warren in Winnipeg and have returned home to carry out new plans for improvement.

The feature was the decision to replace those sections where the 60-pound steel remains, with standard 80-pound steel and complete ballasting so that freight traffic can be moved at a minimum of 30 miles. This will make less equipment necessary, by increasing speed and tonnage.

It was reported fifteen thousand more cars of coal were handled last year than in 1919, while the Hanna-Melville branch work is proceeding. Two thousand feet of the Red Deer bridge on this branch has been completed.

With the improved national system and the C.P.R. getting into Drummehill this season, movement of Alberta coal will be more doubled over other years. Mr. Warren will leave for Vancouver.

Opening Of the Manitoba Legislature

Hon. J. B. Baird, Member for Mount, elected Speaker.

Winnipeg.—With the house composed of four distinct groups and the Norris administration controlling only 11 votes, the 55th session of the legislature of the province was opened by the lieutenant-governor, Sir James Aikins.

The proceedings were entirely formal, the lieutenant-governor reading the speech from the throne, and the house adjourning at 10:30 p.m.

Hon. J. B. Baird, member for Mount, had been elected speaker and several resolutions relating to standing committees had been passed.

Hindenburg Still Talks

Bremen.—Field Marshal Von Hindenburg, universal hero, declared the Germans were "hankering" for the Ruhr region, a danger that must be taken very seriously. He said the military leaders of France were unable to rid themselves of their fear of Germany.

Relate to Hear Mrs. MacSwiney

Lincoln, Neb.—The Nebraska house of representatives by a vote of 48 to 12 refused to permit Miss Mrs. MacSwiney, sister of the late Lord Mayor of Cork, to speak before the legislature on the Irish question.

Prince to Tour India

London.—The London Times says it understands that the Prince of Wales has planned a tour of India in October or November next.

Japanese Rescind Revolt

Tokyo.—A special dispatch to the Jiji Shimpou, from Murosan, on the Ili Shimo, says that 1,200 army reservists have revolted in criticism against the attitude of the authorities with regard to the shooting of Lieutenant W. H. Langdon, of the United States cruiser Albany, at Vladivostok.

Gets Fifteen Years

Belfast.—Timothy Crowell, of Ballylanders, charged with the murder of a woman, was sentenced to fifteen years penal servitude for taking part in an attack upon the police. Sentence of a year for manufacturing purposes will be on a butterfat basis, were promised by Hon. Manning Downey, minister of agriculture, at a meeting of the legislature.

Base Milk Products on Butterfat

Toronto.—Amendments to the Dairy Standards Act, so that payments of 40¢ per hundred pounds for manufacturing purposes will be on a butterfat basis, were promised by Hon. Manning Downey, minister of agriculture, at a meeting of the legislature.

Women Soldiers Shot By Soviet

Balskavia, Crimea.—Madame Rado, chief of a band in the women's volunteer organization in the Crimea, known as the "Green Army," has been shot together with ten other members by the Bolsheviks.

They were accused by the Bolsheviks of organizing so-called Soviet, as a pretext for organizing plundering expeditions and indulging in drunken orgies.

Hon. C. D. McPherson

C. D. McPherson is the new Minister of Public Works in the Manitoba Government. He is also proprietor and editor of the Daily Graphic, Fortage in Prairie.

China Protests

Chinese Government Thinks B.C. Measure Personal Affront.

Victoria.—Diplomatic protests have been made by China against British Canadian regulations prohibiting the employment of white girls in Chinese establishments, as a measure of preference to the Chinese.

The Chinese complaint of the Chinese Government was laid before the British consul for foreign affairs in London, and by him transmitted to Ottawa.

The British Consul in London has been protesting the whole question is now being considered by Premier Oliver and members of his cabinet.

The Chinese claim that Chinese F. Municipal Act prohibiting the employment of white girls by Chinese is ultra vires of the province.

C. N. N. Improvements

Arrangements Made to Move All Freight Traffic at Minimum of 30 Miles Per Hour.

Winnipeg.—Western operating officials of the National Railways conference held several days' conference with General Managers Warren in Winnipeg and have returned home to carry out new plans for improvement.

The feature was the decision to replace those sections where the 60-pound steel remains, with standard 80-pound steel and complete ballasting so that freight traffic can be moved at a minimum of 30 miles. This will make less equipment necessary, by increasing speed and tonnage.

It was reported fifteen thousand more cars of coal were handled last year than in 1919, while the Hanna-Melville branch work is proceeding. Two thousand feet of the Red Deer bridge on this branch has been completed.

With the improved national system and the C.P.R. getting into Drummehill this season, movement of Alberta coal will be more doubled over other years. Mr. Warren will leave for Vancouver.

Opening Of the Manitoba Legislature

Hon. J. B. Baird, Member for Mount, elected Speaker.

Winnipeg.—With the house composed of four distinct groups and the Norris administration controlling only 11 votes, the 55th session of the legislature of the province was opened by the lieutenant-governor, Sir James Aikins.

The proceedings were entirely formal, the lieutenant-governor reading the speech from the throne, and the house adjourning at 10:30 p.m.

Hon. J. B. Baird, member for Mount, had been elected speaker and several resolutions relating to standing committees had been passed.

Hindenburg Still Talks

Bremen.—Field Marshal Von Hindenburg, universal hero, declared the Germans were "hankering" for the Ruhr region, a danger that must be taken very seriously. He said the military leaders of France were unable to rid themselves of their fear of Germany.

Relate to Hear Mrs. MacSwiney

Lincoln, Neb.—The Nebraska house of representatives by a vote of 48 to 12 refused to permit Miss Mrs. MacSwiney, sister of the late Lord Mayor of Cork, to speak before the legislature on the Irish question.

Prince to Tour India

London.—The London Times says it understands that the Prince of Wales has planned a tour of India in October or November next.

Premier Drury Takes Strong Stand On Prohibition Question

Bitterness in India

Duke of Connaught Says Shadow Has Lengthened Over Face of the Land.

London.—The Duke of Connaught, informally inaugurating the Council of State and the India legislative assembly at Delhi, India, delivered a speech in which he said in part:

"Since I landed, I have felt around me bitterness and estrangement between those who have been my friends. The shadow of Armistice has lengthened over the fair face of India. I know how deep is the concern felt by the King and Emperor at the terrible chapter of events in the Punjab."

"As an old friend of India, I appeal to you, British and Indian, to bury along with the dead past the mistakes and misunderstandings have to forgive and to join hands and work together to allay the hopes that arise from today."

"I am going to do what I can to help you," the Premier said. "I do not take any part officially," Mr. Drury explained, "the question is now out of the realm of the government action and it is left to the direct voice of the people. Our task as a government is to enforce the law. As a private individual, I intend to take part in the question, because I shudder to think of the condition in which we would find ourselves if we lost."

The Premier gave the assurance that the referendum, of the majority voted to put the ban on the importation of liquor, would be the last word on the prohibition question. In his mind, there was no doubt as to his finality. He emphasized this.

Turk Delegates to Britain

Nationalists and Constantinople Must Appoint Only One Delegation to Conference.

London.—The Duke of the expressed intention of two Turkish delegations, the Kemalists and the Constantinople, to appoint delegates to the London conference. Great Britain has intimated to the Constantinople Government that two separate delegations cannot be received and that they must decide between themselves which will represent Turkey.

The original invitation was sent to the Constantinople Government, and while hope was expressed that the Nationalists would join the Constantinople delegation, no invitation was extended to the Official circles, who believe that the Nationalists and the Constantinople Government will eventually unite into one for the conference.

To Encourage Mixed Farming

Four Ministers Address Annual Banquet of the Holstein-Friesian Association.

Toronto.—Four ministers of agriculture gave addresses at the twentieth annual banquet of the Holstein-Friesian Association of Canada. Hon. Dr. S. F. Tolmie, of the Dominion Government, Hon. Walter Mealy, of the Province of Ontario, Hon. Duncan Marshall, of Alberta, and Hon. Manning Downey, of Ontario, were the speakers.

Hon. Dr. Tolmie, who is a successful breeder of Holsteins, said it was the policy of the Federal Government to encourage mixed farming with stock raising as the basis. The government, he said, intended to appoint a demonstrator of the value of milk production, and to encourage farmers with other articles of food with a view to encouraging the consumption of dairy products.

Belgian Workers Seize Industries

Brussels.—Workers in Wevelgem, West Flanders, attempt to seize several manufacturing plants to exploit them for their own benefit. General interference and forestalled the attempt. Six of the plants have closed down.

United States Has Ambitious Naval Plans

Naval Committee Would Ignore Disarmament Pledges and Keep On Building.

Washington.—A United States navy "at least equal to that of any other power," is advocated in the report of the Senate Naval Committee today to the Senate. The Committee, in replying to the Borah resolution, said: "It is not practical and is not a sound policy to suppress naval construction for a period of six months, or at all. It urged the completion of the great 1916 naval programme, except that two huge naval aircraft carriers be built in place of 12 destroyers."

Capitalists remain the principal units of sea power, the committee said, adding that submarines and aircraft were as yet only auxiliary forces.

The committee report to which Senator King, Democrat, Utah, plans to file a minority report, expressed a desire that an agreement for limitation of naval armament might be reached among the nations. It said that until some such arrangements were made, the United States should continue its building programme.

In view of the importance of sea power to the United States," the committee informed the Senate, "and the fact that the world is now in the midst of a naval race, it is the opinion of your committee that this country should maintain a navy at least equal to that of any other power."

"The lessons of history teach us with indisputable truth that we cannot afford to neglect the maintenance of our rights and the rights of our people on the generosity of other nations. We must have a navy of our own, and we must have it as a power, with all its attendant necessities and ambitions."

Smuts Government Returned

Result of South African Elections Indicate Defeat of Nationalists.

Capetown.—Enormous majorities were given to the South African party in Durban and Cape Town, while the Labor party suffered a severe reverse in the Rand district. In Capetown the South African party gained two seats; in Durban it gained eight and in East London, one.

The victory of the party headed by Prime Minister Smuts is attributed to the fact that workmen voted against the secession issue raised by General Hertzog and did not pay much attention to sectional issues raised by Labor leaders.

General Smuts, prime minister of the Union of South Africa, was elected to the House of Assembly from the district of Pretoria West. Reuters indicate the South African party under the leadership of General Smuts had won a victory.

Ontario Schools Bar U.S. Book

Toronto.—It was announced by Hon. R. H. Gran, minister of education, that Col. Wood's naval history, "Flag and Fleet," would be withdrawn from the list of supplementary reading books authorized for Ontario schools. This work has recently been criticized as "inaccurate and misleading" in respect to the part played by the United States navy in the recent war.

Strike Coal At The Pass

Place Coal.—Outcropping in two places close to the shore of the Carrot River, west of this place, lignite coal has been discovered. Further analysis proves it to be an important strike.

Crown Prince to Sail

Tokio.—Official announcement it made that the Japanese Crown Prince will sail for England on the 10th. Nothing is said relative to recent rumors that he might visit the United States during his trip to the Occident.

HON AND DEARIE

LIL' WILLIE CAN'T SEE PEACE IN THE FAMILY FOR A MINUTE - HE'S A YOUNG SCANDAL SPILLER -

THE ONLY TIME HE EVER KEPT A SECRET WAS WHEN HE LOST HIS VOICE - AND HAD WRITER'S CRAMP.

I JUST SAW DEARIE TALKING TO EDDIE HER OLD SWEETIE - I'M GOING TO TELL HIM - I'LL BET HE'LL BE AS GOOD AS A WET HEN - AND MAYBE HE'LL PAY ME FOR THE HON.

ONE WOULD OUT OF YOU YOUNG MAN - AND I'LL BREAK YOUR NECK - ONLY WHEN RUBBER.

HE CAN'T KEEP ANYTHING TO HIMSELF - BUT A LICKING THAT IS CREAMY.

WHEN I WAS HIS AGE IF I DIDN'T FIND MY OWN BUSINESS, I GOT A LICKING THAT I DIDN'T FORGET IN A HURRY.

HE'S JUST A LITTLE QUARTER THAT'S ALL - AFTER HIS QUARTER - TWO TECH.

I KNOW HE'LL BE THE CAUSE OF THEM BREAKING UP - CALVINITY ANE.

WHEN I WAS A KID I USED TO GET A CENT FOR TELLING PAPA ABOUT HIM - THEN I'D GET SENT TO BED BY PAPA - WHICH WAS TWO CENTS.

CRAZY CONTEST - GETTING THE RIGHT PHONE NUMBER CONTEST FOR ANYBODY.

Winnifred

Word came to Winnifred Saturday that Mr. Bryant was not so well. He has been a patient in the Medicine Hat hospital for three months. All visits are reported to be the same.

Mr. and Mrs. Shearer entertained Tuesday evening to a dancing party.

Mr. Tony Craig and Mr. Frank Hillis were guests at the home of Mr. and Mrs. E. Gosselin on Sunday.

The many friends of Miss Stella Dewler are sorry to hear that she has resigned her position in the Union Bank at Winnifred. All hope her success in her new place.

Mr. and Mrs. A. N. Wettersall, and Godfrey Ross, were Medicine Hat visitors the first of the week.

Mr. Oliver Deraud is visiting friends in Winnifred.

Mr. Knut Bergen left for points west. He will be gone several days, visiting Lethbridge, Calgary and Edmonton.

Last Wednesday evening a number of the neighbors were entertained at the home of Mrs. H. Christopherson. An enjoyable evening was spent. Dainty refreshments were served at midnight, when all departing promised to call again.

The many friends of Mrs. G. W. Parker were sorry to hear of her sickness; but pleased to hear of her gain; All wish her a complete recovery.

Germany must work to make good

BERLIN.—Germany is not going to the London reparations conference to be dictated to, Dr. Wirth, minister of finance, declared in a speech to the Bremen chamber of commerce. Great economic questions could not be solved in that way, he added.

"We are prepared to do all we can," he continued, "because we feel under a moral obligation to assist in reconstruction, and we will make reparations proposals of our own."

"The newspaper reports on this subject are incorrect. Our offer will not be a small one. The nation must learn that what we shall offer cannot be taken from the national wealth, but must be produced by work. And this raises the question whether in these circumstances all the fruits of revolution can be safeguarded."

"Work will have to be organized on a great scale and what we offer must be made good."

BRITISH STEAMER BURNS WOODWORK TO GET INTO PORT

HALIFAX.—Her bunker coal exhausted, the British steamer Bristol City, is burning her woodwork and portions of her cargo for fuel, and Halifax to enable her to reach London, N. B. more than 200 miles distant from her present position.

In a wireless message received last night for immediate assistance from the marine and fisheries department here, Captain Crink, master of the ship, says that he is very doubtful if he can take his steamer to Louisburg without aid. He adds that he has no chart of that section of the coast.

DAUGHTER OF A FATHER OF CONFEDERATION DEAD IN P.E.I.

CHARLOTTETOWN.—Miss Mercy Coles, aged 80, daughter of the late Hon. George Coles, who was one of the great political figures in the history of the island, is dead.

Miss Coles accompanied her father to the Quebec conference prior to confederation. She had the honor of being with King Edward VII when he visited the island as Prince of Wales in the early sixties and also with his grandson, the present Prince of Wales, who was here in 1919.

USING 30 GALLONS WATER TO SHAVE IS BIG WASTE, TORONTO BIG WATER USER

TORONTO.—R. C. Harris, city works commissioner, addressing the Rotary club here, stated that on an average, each person in Toronto used 128 gallons of water a day, a large percentage of this being wasted.

According to the commissioner a man could easily use thirty gallons of water while shaving. He admitted that one time he did this himself, but "he reformed in this respect."

MURDERER WILL ESCAPE GALLOW'S

OTTAWA.—It was unofficially rumored here last night that Hector Dumont, a North Bay murderer, who by a series of incidents, was to hang on February 13, a Sunday, will not pay the extreme penalty.

For Rent

A two room Shuck with gas laid on, barn, chicken house, on two lots, fenced.

Apply Review Office Bow Island

PROSPECTORS' PERMITS FOR FOUR SQ. MILES THEN LEASE FOR 600 ACRES

OTTAWA.—The department of the interior made public the regulations governing the disposal of oil and natural gas in the Northwest Territories. These supersede all previous regulations, and retroactive in effect.

The regulations provide that an applicant may be granted a prospecting permit for four square miles instead of one and three-quarter miles as formerly. If oil is discovered, the lease will be allowed to take out a 21-year lease for an area of one square mile, or an area not greater than one-quarter of his prospecting permit. The remaining three-quarters will remain government reservation. A prospect cannot take out more than five permits with an aggregate area not exceeding 2,560 acres.

NOTICE OF NOMINATIONS for ELECTIONS

Municipal District of Forty Mile Number 41

MUNICIPAL ELECTIONS 1921

PUBLIC NOTICE is hereby given that a meeting of the Electors of the Municipal District of Forty Mile No. 41 will be held at Westfield School at one o'clock in the afternoon on Monday the twenty-first day of February 1921, for the disposal of the affairs of the district, and the Nomination of Candidates for the office of Councillors and that such Nominations will be there and then received from the hour of three o'clock until the hour of four o'clock in the afternoon.

Given under my hand this 7th day of February A.D. 1921

T.A. Reynar Secretary-Treasurer

Smuts will have Clear Majority

LATEST RETURNS IN SOUTH AFRICA SHOW PREMIER SAFES; NATIONALISTS MAKE GAINS

JOHANNESBURG, S. A.—Latest returns of the South African election show the following results:

South African party, 73; Nationalists, 43; Labor, 9; Democrats, 1; ties, 2; not heard from, 7.

Smuts Generous

LONDON, Eng.—The Captain correspondent of the London Daily Telegraph reports General Smuts, who has just been returned to power, as premier of the Union of South Africa, as saying that he would like to take General Hertzog, Nationalist and unsuccessful rival who fought the general election on a platform of secession from the empire, with him to the next imperial conference.

General Smuts said that the day would come when the government-generalship of the union would be held by a South African. He added that he would have nominated a South African as successor to the last governor-general, Lord Buxton, instead of Prince Arthur of Connaught, but for the present political differences.

The Weather

February 1921

Friday 11th. Sunny and warmer
Saturday 12th. Sunny in forenoon; stormy and snow at night
Sunday 13th. Snow and wind
Monday 14th. Stormy
Tuesday 15th. Clear, a little warmer
Wednesday 16th. Clear, a little warmer
Thursday 17th. Cold and dull

P. E. DUFFY, Secretary-Treasurer.

D. A. McCANNEL, Auditor

Chartered Accountant

Dated at Bow Island this 31st day of January 1921.

Disability Not Reduced

Pension Commissioners Reply To Statement Issued.

The board of pension commissioners has issued a reply to a statement which has been circulated among the service men to the effect, that the percentage of a man's disability was being reduced as the pension has been increased. Owing to frequent complaints that have been made to the Dominion Commission, G.W.A., the secretary, S. C. G. MacNeil, placed the matter before the commissioners. In reply they stated that no order had ever been sent out to the medical boards ordering them to reduce the disability allowance. In proof that no such action has been taken or contemplated, the commissioners pointed out that the number of pensions increased equalled the number that had been reduced during the past year. They added that the fullest opportunity for the review of each case was allowed to the pensioners.

Thinks Scotland Will Go Dry

"Passivity" Johnson Says He Had Cool Reception in Wales.

W. E. "Passivity" Johnson returned from the British Isles as a reporter recently to report to the headquarters of the Anti-Alcoholic League here and said that he believed the northern part of Ireland would be time before long.

He met with a cool reception in Wales, he said, and said that much was expected by the police at Wrexham the crowd wished to put his own eye, or otherwise do him bodily harm. Johnson said that although he had been harrassed the second cabin passengers—among whom he travelled—told them of the crowd, but that strong drink, they drank harder than ever after his exhortations. He rather lost hope in them, he said. Scotland, he believed, would be exempted as it is now dry in the United States after a long campaign.

For Better Understanding

Former M.P. Takes Message to Canadian Club of Boston.

A message of Canada's friendship for the U.S., a presentation of the Dominion's problems and an exposition of her progress were brought to the Canadian Club of Boston by E. J. McDonald, former member of parliament from Pictou County, N.S., and a prominent member of the Liberal party.

"There should be not a definite yet an understood alliance or federation of all Anglo-Saxon people in the world," he declared. "May we not work together in amity and union so that all principles for which we have any previous or future interest in the world. What the world needs today is leadership animated by Anglo-Saxon ideals."

Bomb Maker's Life Saved

Aggrieved When About to Add Acid That Would Have Set Off Ingredients.

There is at least one Irish Republican languishing in jail who has reason to bless the vigilance of the British police. This youth, who was employed as a waiter in a north British town, had decided to assist the cause of Irish freedom by turning bomb manufacturer. When the police hid his lodgings they found him experimenting with a party-made bomb, into which he had mixed potassium nitrate, sulphur, potassium chlorate, charcoal and sugar.

Apparently dissatisfied with the explosive properties of the mixture, he was on the point of adding some sulphuric acid when the police made a timely appearance and took him into custody.

Had a drop of sulphuric acid been added with the ingredients, not only the amateur bomb manufacturer, but most of the block, would have gone up with a bang.

Education of Negroes.

The education work of the National totals \$2,300,000. Out of this large sum \$60,000 is allotted to the teaching of colored children. Yet the Nationalists in the provinces have moved to strike out the amount altogether. It seems that they object to the natives receiving any education at all—Johannesburg Times.

Troops Withdrawing Gradually. British troops are being withdrawn gradually from Mekele, only as the country becomes more pacified, making it possible for fewer troops to maintain order. No indication is given of the number of troops withdrawn as this will depend on how long it takes to restore order.

Volunteer Knit-ers Help In Austria

Thousands of Garments for Poor Being Provided Under Direction of Red Cross.

In Vienna just now there is a great craze for knitting as there was in England during the war. This revival is due to Major Bateman, the American Red Cross Commissioner, because it was cheaper for America to furnish wool than to furnish garments for the people of Austria. He organized a kind of "volunteer knitters," whose number has now grown to 20,000 women and 10,000 children. The yarn with which they work is furnished free and the finished garments, most of which are for the smallest children, are distributed through American organizations.

Austrian women invented the so-called "continental" method of knitting, which is said to be faster than any other and involves fewer motions, the familiar cluck of the needles, for instance, being entirely absent. They claim to be the best knitters in the world and have already turned out thousands of garments.

Direct Steamship Line Vancouver to Baltic

Will Employ a Fleet of Five Nine Thousand Ton Diesel Driven Vessels.

A direct line of steamships from Vancouver, British Columbia, to ports on the Baltic Sea, is about to be established. Axel Johnson, of the Johnson Line of Steamships, is in Vancouver making final arrangements. This company will employ a fleet of five nine thousand ton Diesel driven vessels to maintain this service, which will be a regular monthly one.

These vessels will be fitted with chilled space specially adapted for carrying fruit to Europe. On the outward trip the space will be utilized for carrying goods to Europe.

Mr. Johnson is of the opinion that a fair trade can be established between Vancouver and the ports on the Baltic Sea.

Expect Rush To Oil Fields

Transportation Companies Prepare to Handle Big Business.

"There's a big time coming in the oil fields," said Osborne Scott, general passenger agent of the C.N.R. at Vancouver, who was in Toronto recently.

"The rush to the oil fields on the MacKenzie River," said Mr. Scott, "will be one of the landmarks in Canadian mining history. The Hudson Bay Company and the Laramie Hubbert Company are building more boats and making every preparation to handle unprecedented traffic when navigation opens here. McMurtry, the head of navigation on the Athabasca River, and the Portage on the Slave River. The river opens about June 4, and that date will see a great exodus to the north."

"There will be a great time in Edmonton this year. The MacKenzie River will probably do for Edmonton what Dawson and the Yukon did for Seattle."

B.C. Mineral Production.

The value of the mineral production in British Columbia for the year 1920 aggregated \$85,980,225, compared with \$82,296,313 in 1919, according to the preliminary report of the Provincial Mineralogist. The greater production of coal accounts for practically all of the increased value, the gain in metalliferous production accounting for but \$105,157 of the aggregate increased value for the year of \$2,396,314.

Chinese Aerial Mail.

Air mail service is being established between Peking and Shanghai. Mail pouches will be dropped by parachute from 18,000 feet above the route. This is the first in the awakening of China.

The Chinese are the hardest people in the world to get into airplanes. They enjoy watching flights but are canny when it comes to risking their own necks.

No Matter.

"Shall we have the play in three acts or four acts?"

"It doesn't matter now."

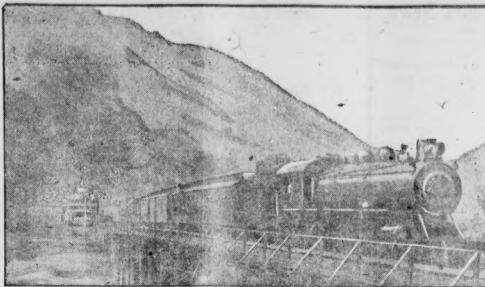

"Why?"

"There's nothing to go out between acts for."—Louisville Courier-Journal.

Bao On Tippecanoe Plains.

An official proclamation has been issued in Tippecanoe forbidding all fairs, markets and public assemblies in Tippecanoe, Cassel and Killbuck districts owing to murders and attacks on police barracks.

KOOTENAY AND ITS MINES

C.P.R. Train at Kootenay Landing Connecting with the Steamer Nissequin, From Nelson.

The trade travel and exploration of the Kootenay are a romance of progress. The day of the fur trader gave way to that of the placer-miner. In passing, the placer-miner left beside his trail of rocker, and sluice, shaft and drill, a still deeper mark on the country and its future. He stayed long enough to make history. The Todd Mines, near Nelson, discovered in 1888, saw a great stampede. The discovery of the Silver King Mine, about 1887 by Hall Brothers, and its development, was the beginning of Nelson, and following the arrival of the miners, a townsite was laid out.

The Granite Poor Man Mine, developed as a gold mine, was first worked by Lincoln Davenport in 1889. He built the first stamp-mill and the whole was in operation about 25 years and produced an immense amount of gold. The "Molly Gibson," twelve miles north of Nelson, was named after the late Major-General Sir Samuel Steele, who commanded the North West Mounted Police in Western Canada for many years. A detachment of Mounted Police was stationed there in the early days and the barracks still remain. In 1884, it was the scene of one of the most phenomenal gold strikes in history and, in less than two years, many millions of gold were taken out of Wild Horse Creek. Many big game parties outfit there before proceeding on hunting expeditions.

In the early days travel was difficult. The first mail went into Nelson on the back of a mule and all supplies were brought in by pack train—a string of mules. On these narrow trails around the mountains, the sure-footed mules were a marvel.

Old-timers even claim that it was their first Kootenay on the map. It was named after the late Major-General Sir Samuel Steele, who commanded the North West Mounted Police in Western Canada for many years. Grassy Lake Police Court News

From our own Correspondent

Last week we inserted Mr. Jackson's Court Case, this week we now give Mr. Felix Gross's Court Case

Alfred Jackson, of this district, appeared before Mr. Burdett, Police Magistrate, on Tuesday the 16th, to meet, charged with assaulting Mr. Felix Gross's boy, John Gross, who lives south of Grassy Lake

The accused was represented by Mr. J.B. Prowse and Mr. F.O. McKenna appeared for the complainant.

The charge was as follows: "That Alfred Jackson did on or about the 10th day of December, 1920 at or near Grassy Lake assault one John Gross, age 14, by striking him with his fist, contrary to Section 290 of the Criminal Code of Canada, the accused pleaded not guilty."

After hearing all the evidence, both for the complainant and the defendant the magistrate found the said Alfred Jackson guilty of the offence and he was made to pay the sum of \$5.00

On the same day John Gross appeared before magistrate Burdett on a charge laid against him by Alfred Jackson that he (John Gross) did on the 17th day of December, 1920, at or near Grassy Lake rescue a number of horses from Alfred Ellis Jackson, the said horses having been seized for the purpose of being impounded, contrary to by-law No. 25 of the Municipal District of Eureka No. 45

Mr. J.B. Prowse presented in this case and the accused was defended by Mr. F.O. McKenna
This case was of considerable importance in that the accused was liable if found guilty to a fine of \$100.00 or 90 days in jail. After hearing the evidence and the address of counsel, the magistrate dismissed the charge against Mr. Gross

Additional Bow Island News

Mr. E. Wilmut was a business visitor to Medicine Hat last week.

Mr. E. Downing returned to his work at Bassano on Monday last after spending the week-end with his family.

Mr. Egan was a visitor to Medicine Hat last week.

Mr. G. West was a visitor to Medicine Hat last week.

Mr. Vold, three miles west, has his household quarantined for scarlet fever.

Mr. G. Hutchinson left last Tuesday morning for Sangreville, Me., U.S.A., where she will locate for the future.

Mr. George Lomas and Mr. K. Brown, of Burdett, were business visitors to Medicine Hat last week.

Mr. and Mrs. F. Henry, of Fertile Plains, returned from Medicine Hat on Friday last.

The friends of Miss Henry, of Fertile Plains, regret to learn that she has undergone an operation at Medicine Hat hospital on Saturday last; news reaching us later that she was doing as well as could be expected.

Sergeant Akropis, R.C.M.P. of Lethbridge, was a business visitor here for a few days last week, returning to Lethbridge on Saturday midnight escorting G. Travers.

Constable Bradner returned from Medicine Hat on Friday last where he had been for medical treatment for blood poisoning of the hand.

Mrs. Madison, of Medicine Hat, entertained a few friends on Tuesday evening last, passing a pleasant evening playing five hundred, after which refreshments were served. Everything was of the blue and white pattern, and looked very dainty.

Dr. McPhail of Burdett was in Bow Island on professional duty this last week

CHANGES WHISKY INTO WATER
SOUTH BRIDGE, Mass.—Patrolman St. Martin has been suspended by Chief Urie Braut, pending action on charges brought by the chief that during a liquor raid Tuesday night he started from the raided house with a quart of whisky and was found later carrying a quart of water.

Some of our young people attended the dance at Winnifred last Monday

Levi MacDonald and Percy Owen are now removing to the Tator district where they have hired a large farm jointly

The Returned Soldiers Aid Society wish to thank all who assisted them at the midnight lunch which was served to the dancers at the G.W.V.A. Hard Times Dance, Feb. 14th. The G.W.V.A. Club kindly gave the use of their rooms and the returned men gave all the help they could which was doubly appreciated by the ladies, in view of the stormy night

The Society is holding a Card Party and Social Evening, Programme and Lunch on Tuesday the 22nd, in the Majestic Theatre. Admission 35c. All those interested in the G.W.V.A. and the Aid Society are cordially invited

The want of a cattle pen here for the convenience of shipping cattle was again felt very badly when Mr. Stoen was loading his beasts on Tuesday, this question should be taken up by the town and district jointly and no doubt if the C.P.R. were properly approached such a place would be provided

Messrs. Grant and Burns the telephone contractors have finished their work in this district for this season and have returned to Regina. Mr. Edgar the Government inspector was here last week to pass the work

The L. D. S. Church hold services at 11 a.m. and 2 p.m. every Sunday. Especially welcome, lots of good music and hearty singing

Come and join us next Sunday and take a fresh hold on life and happiness

Burdett News

From our own Correspondent

Burdett got its share of the storm on Monday night which was a pity as it caused a poor attendance at the Hospital Meeting, owing to the small number present an adjournment was made to a later date when it is hoped the gathering will be in the afternoon so the farmers may be present

The Rev. Percy Johnson was a week end visitor to Taber where he met the missionary services at the Methodist Church

In spite of the storm the Majestic Theatre was crowded with dancers at the Hard Times Dance put on by the G.W.V.A. That organization indeed appreciate the action of its friends and supporters for coming up so well on such a night. Monday will be remembered for some time

Most who took the flour were attired in costumes suitable for the occasion. Gummy Sacks and flour bags both washed and unwashed and almost any old thing had been pressed into service a few lost their chance of a prize because while they were most suitably dressed they sported silk stockings and nicely fitting boots or shoes and so were passed over

The prizes were awarded as follows, Ladies first, a sack of flour went to Mrs. J. Robinson and the second, handkerchiefs to Miss Sanson; gentlemen's first, a sack of oatmeal, Mr. McDonald and second, a necktie to W. Sears

The judges were Mr. H. Clark of Medicine Hat and a well known traveller who was in town for the evening, these returned men gave careful attention to their duties and apparently satisfied the crowd

The Club was turned over to the Ladies R.S.A. who provided a first class supper in a manner hard to beat, the thanks of all are due to them for the way in which they took on their task

We notice that Mr. Houseman who has been confined to his home for a long time is around again. He was a visitor to Lethbridge last week and has now returned home

Mr. A. Taylor accompanied by Mrs. Taylor were in town Monday on their way to Lethbridge to attend the funeral of Mr. Taylor's brother who died in Lethbridge after a very short illness the sympathy of their district is extended to the widow and the relatives he leaves behind

Mr. Sam Elford is a visitor to Calgary where his daughter is at present attending Normal School

Brownvale School district is indeed fortunate in obtaining the services of Mr. Watson from the Old Country as a teacher, it is hoped that red tape will not prevent his teaching some time as a man of his type should do good work in our schools

Mrs. Geo. Robinson has been a visitor at Taber for the last few days staying with her mother

Geo. Kelly has notified the Club that he will have to return to the farm. The Committee have appointed John McKenzie, who has been with James Neil for some time, to follow him, he will take over at the end of the month

We are glad to report Mrs. Galvan who has been sick some time is now well on the road recovery

Spring is almost here and the gulls are wondering what if any circumstances are being made by the Council to deal with the state of the crossings when the mud comes, it is hoped they will get busy this year and make preparations beforehand so that people may be able to get from one side of the street to the other without being losers of rubbers etc.
